3" DELUXE BELT SANDER

CATALOGUE No. U-745

SPECIFICATIONS:

No-load Belt Speed—1700 S.F.P.M. Height—7-1/16", Width—5 3/8", Length—13 1/2". Weight—Net 14 lbs., Shipping 16 1/2 lbs. For 115 volts, A.C. or D.C. Standard Equipment includes trigger switch with locking button, 10 ft. of 3-conductor cable, 1 sanding belt.

Built with more quality features than have ever before been available in a Belt Sander!

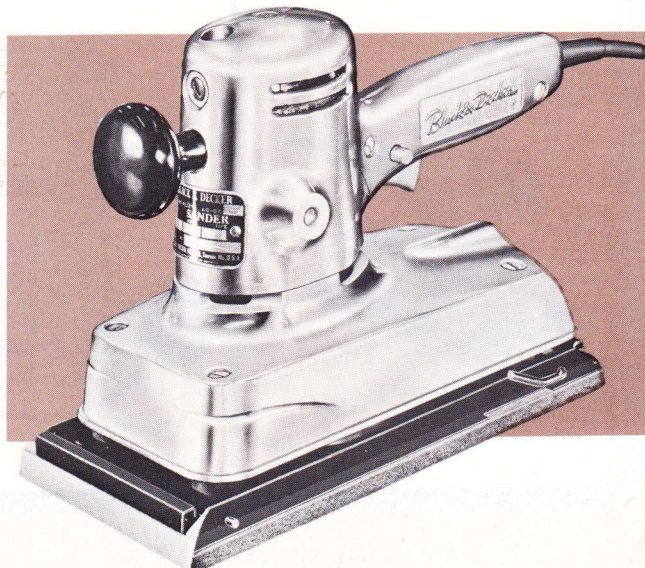

- **Highest Belt Speed** on the market for fastest material removal.
- **Cog Belt Drive** is quiet and requires no lubricant—eliminates any oil drip on work.
- **Motor** is especially B&D-built for highest sanding efficiency and durability.
- **Heavy-Duty Construction** for continuous production work.
- **Lever-Action Belt Changer** and **Side "Tracking" Knob** are good operating conveniences.
- **Flush Side** permits sanding up to vertical surfaces.
- **Extended Front Pulley** for working in small radii, and
- **Balanced-Weight Design** to reduce possibility of gouging or digging.

DELUXE FINISHING SANDER

CATALOGUE No. U-66

Covers more area in less time. Applies over 40 square inches of rapidly moving abrasive surface to speed satin-smooth finishing on all your sanding jobs. High-speed platen action permits sanding *with* or *across* wood grain without danger of swirl marks or scratches. Trigger switch may be locked "ON" for continuous operation.

SPECIFICATIONS—Paper Size: 4 1/2" x 11"; Weight-Net: 7 lbs. Shipping: 8 1/4 lbs.; Speed: 4200 orbits per min.; Finish: Silver Lustre. Includes reversible side handle and abrasive paper.

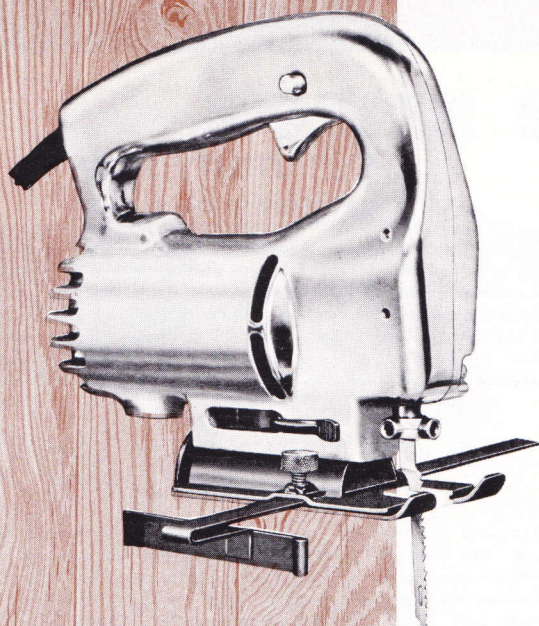

DELUXE JIG SAW

CATALOGUE No. U-40

Completely new from blade-tip to cord, this B&D Deluxe JIG SAW is a feature-packed "handyman" for all your jig and sabre-sawing jobs . . . powered for continuous operation in $\frac{3}{4}$ " thick hardwood, 1" softwood. Speeds trim work and cut-off sawing—follows intricate pattern lines accurately—ideal for rip-sawing light lumber, fancy scroll work, bevel cutting from 0° to 45° .

SPECIFICATIONS: Net Weight—4 $\frac{1}{4}$ lbs. No-load speed 3200 strokes per minute. Motor: B&D-built for 115 or 220v., A.C. or D.C. Length: 7". Width: 2 $\frac{1}{2}$ ". Height: 6 $\frac{7}{8}$ ". Standard equipment includes "Instant-Release" Trigger Switch with locking pin, Hex Wrench, 4 Jig Saw Blades, Combination Rip Fence and Circle-Cutting Attachment. Finish: Silver-Lustre.
